BEACH FLAG

BeachFlag is a superlative advertising medium with impressive features. With a height of 5 metres and 4 m² of advertising space, the BeachFlag is an outstanding eye-catcher. BeachFlag is the first choice for events with high customer traffic, indoor or outdoor.

Set 1:

- Rotator
- Ground Drill
- Telescopic or Solid rod
- Transport bag

Set 2:

- Folding cross with Rotator
- Telescopic or Solid rod
- Transport bag

DECO FLAG

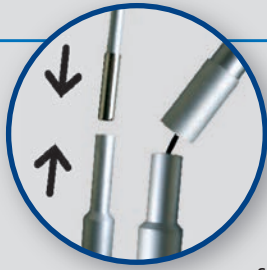

The DecoFlag has many features in common with its larger sister product, and, due to its smaller format, it is ideal for events close to the public, for example at trade fairs, at the point of sale, for company or product presentations.

Indoor:

- Metal plate
- Telescopic rod
- Individually packed

Outdoor:

- Metal plate 2,5 kg
- Telescopic rod
- Individually packed

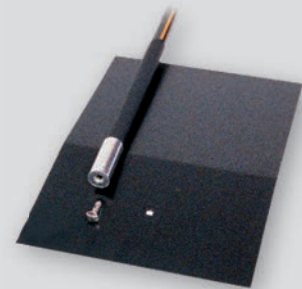

Solid rod:
Guarantor of high stability

Telescopic rod

4 m

Ideal for outdoor applications:
2,5 kg metal plate

2 m

Folding cross with weight tube

BEACH SIGN

The drop design of the BeachSign is setting a new standard and captures the attention. BeachSign means individual design for the highest requirements. Set up in just one minute, it is possible to equip large areas with BeachSign in the shortest time.

Set 1:

- Rotator
- Ground Drill
- Solid rod
- Transport bag

Set 2:

- Folding cross with Rotator
- Solid rod
- Transport bag

DECO SIGN

At the highly competitive point of sale, the DecoSign is at its most impressive. In a small area it offers much advertising power and breathes some fresh air into the salesroom or the pedestrian zone.

Indoor:

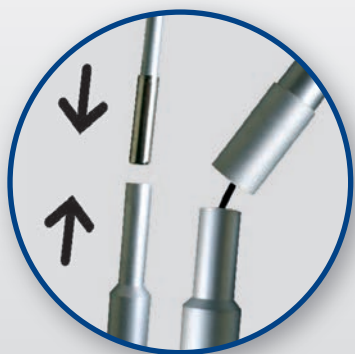

- Metal plate
- Telescopic rod
- Individually packed

Outdoor:

- Metal plate 2,5 kg
- Telescopic rod
- Individually packed
